

KENTUCKY TRANSPORTATION CABINET/DIVISION OF ENVIRONMENTAL ANALYSIS

SOCIOECONOMIC BASELINE GUIDANCE AND ACCOUNTABILITY FORM

Baseline Prepared by: _____ <div style="display: flex; justify-content: space-between; width: 80%; margin: 0 auto;"> Author Firm </div>			
County:	Route:	Item No.:	
Description:			
Prime Consultant:			
Due Date:	Submittal Date:	Submittal Draft #:	Approval Date:

Instructions:

Baseline Prepared by: Name of author/firm that prepared the study. **County:** Name of county (ies) within which the project is located.
Route: Name of highway for which the project is intended. Include route designation and number as applicable (i.e. US 60, Winchester Rd.)
Item No.: Item number as it appears in the contract and Six-Year Plan which corresponds with the project.
Description: Official description of the project as it appears in the Six-Year Plan.
Prime Consultant: Name of the Phase I Design and Environmental Consultant (prime contract holder) for the project.
Due Date: Date that the project is due as agreed upon in contract negotiation.
Date of Submittal/Submittal Draft Number: Date of submittal and draft being submitted (1st, 2nd, and 3rd) in appropriate sections.
Approval Date: Date baseline is approved by DEA (*DEA use only*).

For “Required” column: v indicates all applicable areas of focus (*DEA’s responsibility*).

For “Completed” column: use Y for yes and NA for not applicable as necessary (*Consultant’s responsibility*).

For “DEA” Column: DEA will use v for all areas that adequately address concerns and I for those that are insufficient in coverage.

“Comment” page: Discuss supplemental information, guidance or instructions, if any, that required deviation from the checklist. Discuss all categories, which contain “NA” in the “Complete” columns of this format. Comments regarding the content and format of this form and/or its applicability may also be submitted in the comments section.

“Commitments to be Implemented” page: Identify any commitments that are documented within the study. Specify the nature of the commitment, to whom it was or should be made, when the commitment should be enacted upon, etc.

“Mitigation and Special Issues” page: Identify mitigation measures that are specified within the report, if any. Also, identify any special issues that are addressed within the document that should be considered by the Project Team as it makes decisions regarding the project.

“Signature” page: Signatures of Prime Consultant and KYTC/DEA Environmental Project Manager/Reviewer will attest that the base study meets the requirements set forth in this checklist. Signatures of KYTC Project Manager and District Environmental Coordinator ensure that the findings of the report, including impacts to the project and mitigation measures have been presented to the project development team and are acceptable.

Completed form is to be delivered to KYTC with the document. Previous checklists for the document, or a copy thereof, shall be attached to the current checklist.

Required	Complete	DEA	CATEGORY	DATA SOURCES
Insert check mark as appropriate			Land Use	US Census Bureau Website, www.bea.com/bea/regional/bearfacts , www.thinkkentucky.com (Research and Statistics – Deskbook of Economic Statistics), http://cpba.louisville.edu/ksdc (KY State Data Center) Interviews with local, regional officials, review of land use maps, municipal and ADD reports, field visits, KYTC Div of Planning reports.
P			<ul style="list-style-type: none"> Establish Baseline Conditions (Existing Land Use, include exhibit.). 	
P			<ul style="list-style-type: none"> Discuss Project Compatibility with Existing Land Use Plans. 	
P			<ul style="list-style-type: none"> Discuss Growth Inducement (Current Development Trends, Indirect Effects of the Project on Land Use Patterns, Population Density, & Growth Rate. 	
P			<ul style="list-style-type: none"> Discuss Cumulative and Indirect Impacts 	
			Community Resources	Field visits, interviews with local officials (including elected officials, police and fire departments, health agencies, non-profit organizations), local realtors, PVA offices, reviews of local maps and plans, US Census reviews of commuting patterns, interviews with neighborhood associations, church leaders, etc.
P			<ul style="list-style-type: none"> Establish baseline conditions for existing neighborhoods and communities and cohesion. 	
P			<ul style="list-style-type: none"> Identify community resources including parks, churches, schools, shopping, emergency services, libraries, etc. 	
P			<ul style="list-style-type: none"> Discuss impacts on travel patterns, accessibility, community facilities, economic vitality in project area & on established business districts. 	
P			<ul style="list-style-type: none"> Discuss Mobility. 	
P			<ul style="list-style-type: none"> Reference any consultation with community, city or county officials. 	
P			<ul style="list-style-type: none"> Discuss cumulative and indirect Impacts. 	
			Replacement Housing/Available Commercial Facilities	Local officials, real estate agents and listings, PVA figures, Cross reference data to determine listing value, sale value, assessed PVA value to determine actual value and its proximity to the listed value. Reference past five years of sales activities to determine the stability of the market and to make best estimate for the future year (continued in next segment).
P			<ul style="list-style-type: none"> Establish baseline conditions for available housing and commercial/industrial facilities based on current market data. 	
P			<ul style="list-style-type: none"> Discuss coordination with MPO or other governmental agencies to identify other proposed projects or activities that would compete for favorable housing. 	
P			<ul style="list-style-type: none"> Discuss cumulative and indirect impacts. 	

Required	Complete	DEA	CATEGORY	DATA SOURCES
Insert check mark as appropriate			<p align="center">Relocations and Displacements</p> <ul style="list-style-type: none"> Establish baseline Conditions (Identify number & type of relocations – residential, commercial, industrial, etc.). Reference the Conceptual Stage Relocation Report. Discuss Relocation Assistance Program (Last Resort Housing), Title VI of the Civil Rights Act, 1966. Include statement if applicable that the acquisition and relocation program will be conducted in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970. Discuss mobility for physically challenged residents. Include table to summarize relocations for each alternate. Discuss cumulative and indirect impacts. Discuss number of right-of-way sections and 6-year plan time frames for each section identified if applicable. Cite competing projects/economic development initiatives that could compete for each right-of-way section identified. All proposed alternates identified and discussed. Anticipated problems and solutions for all proposed alternates thoroughly discussed. Secondary sources of information (such as census records, contact with local and community leaders, economic reports) cited. Relocation information presented in sufficient detail to adequately explain relocation impacts for each alternate. Displaced community(s) affected by the project discussed including divisive or disruptive effects, special relocation considerations, and measures proposed to resolve relocation concerns. Anticipated impacts to communities and potential adverse environmental factors present in areas adequately discussed. Last Resort Housing Funds discussed, and if necessary, recommendations of how to remedy these types of displacements. 	<p>www.apartment.com</p> <p>Determine if construction projects are anticipated within the same timeframe of this project. If there are projects, will they provide competition in the housing market for residents associated with this project? Seek roadway, airport, commercial development projects, etc. This info can be found through the Six-Year Plan, local interviews, newspaper articles, chambers of commerce and interviews with local and regional officials.</p> <p>When assessing options for commercial and non-profit relocations, determine the function of affected site and the level of necessity for it to remain within the project area – are its customers dependent upon it remaining nearby?</p> <p>www.kytc.state.ky.us/planning/maps.shtm</p>

Required	Complete	DEA	CATEGORY	DATA SOURCES
Insert check mark as appropriate			Relocations and Displacements continued Report for each proposed alternate provides discussion of the types of homes to be acquired including estimates of: <ul style="list-style-type: none"> • Number of residential displacements. • Number of owners/tenants being displaced. • Income ranges in dollars of displaced residents. • Percentages of minority residences being displaced. • Percentage of displaced elderly residences. • Percentage of residences with five or more family members. • Nonresidential displacements estimates include: <ul style="list-style-type: none"> • Number of employees. • Owner/Tenant. • Potential impacts on displaced establishments. • Unique attributes of the nonresidential establishments. • Estimated availability of replacement sites. • Likelihood of relocation by those displaced. • Social, economic, cultural loss to community by those displaced. 	Field visits should include after hours visits to the area when most residents are at home. This will maximize efforts at determining ages, physical limitations (handicap license plates), number of children, some signs of interdependency between households, etc. Socioeconomic data collected, such as percentages of residents living at or below the poverty level within affected census tract(s) will be utilized along with field observations and official interviews to determine conditions within and adjacent to the project corridors.
			Farmland <ul style="list-style-type: none"> • Establish baseline conditions and identify farmland in the project corridor. • Discuss acres impacted. • Discuss farmland and prime farmland impacts. • Include NRCS/LESA form AD 1006. • Discuss feasible alternative to avoid farmland impacts • Discuss cumulative and indirect impacts. 	Field visits, coordination with county USDA/NRCS offices, LESA form, Kentucky Agricultural Statistics publication - call 800-928-5277 for latest edition (No charge). www.nass.usda.gov/ky/

Required	Complete	DEA	CATEGORY	DATA SOURCES
Insert check mark as appropriate			Environmental Justice <ul style="list-style-type: none"> • Establish baseline conditions (i.e. racial diversity, income levels, family clusters, etc). • Include statement of project compliance with E.O. 12898, Environmental Justice guidance. • Discuss avoidance, minimization, and mitigation if applicable. • Discuss cumulative and indirect impacts. 	These conditions are accessible through the various local contacts, websites and field trips as described in previous sections.
P				
P				
P				
P				
			Pedestrian and Bicycle Facilities <ul style="list-style-type: none"> • Establish baseline conditions by identifying existing facilities and their uses for transportation and/or recreation. • Discuss opportunities for providing pedestrian and/or bicycle facilities thereby increasing mobility of this mode of transportation. • Discuss cumulative and indirect impacts. 	State Highway Maps, interviews with local officials and reviews of local planning maps (when available). www.kytc.state.ky.us/Multimodal/bicycle.htm
P				
P				
P				
			Visual Impacts <ul style="list-style-type: none"> • Establish baseline conditions (existing viewshed). • Discuss view of proposed road from surrounding area and view of the proposed road. Include impacts and/or anticipated enhancements to viewshed after construction. • Discuss cumulative and indirect impacts. 	Field visits, and interviews with local officials and residents. Reviews of design plans.
